The Chair sought indulgence to speak briefly as this was the last meeting he would attend prior to his statutory retirement on 30 June 2021.

The Chair provided an overview one aspect of his career namely his early interest in prison reform which has covered the past 45 years. Mr Puplick identified four primary responsibilities for a Chair which he hoped he had discharged successfully:

1. To ensure the Network had a viable Strategic Plan that guided and framed the individual activities undertaken by the Network.
2. Sound financial management.
3. To select and supervise a Chief Executive. Mr Puplick selected Mr Gary Forrest five years ago and believes this appointment to be a great success.
4. Succession planning, the reason for his early retirement from the Board so as to minimise disruption when a large number of member's terms expire in March 2022 and to allow a new Chair time to work with those retiring members and benefit from their expertise.

Mr Puplick thanked the Board members and staff of the Network for the fantastic experience of working with everyone over the past nine and a half years.
