Subject: Amendment of Application

Dear Ms Dias

I refer to the Amendment Report which was submitted on Wednesday 4 October 2023 in accordance with the Environmental Planning and Assessment Regulation 2021 (the Regulation) for Parramatta Light Rail Stage 2 (SSI-10035).

The Amendment Report has requested the following changes:

- alternate alignment of the light rail track, active transport link and bridge over the Parramatta River between Camellia and Rydalmere which includes running the track along the Parramatta River foreshore in Camellia before extending across a new bridge structure and along the boundary of Eric Primrose Reserve in Rydalmere, new pier arrangements in the river and locating the John Street stop closer to Rydalmere Wharf;
- amend the alignment of the bridge between Melrose Park and Wentworth Point further west to avoid direct impacts to residential properties as well as the removal of the high voltage transmissions tower at Melrose Park and relocating the wires to three new poles west of the original tower;
- removal of the Hill Road bridge in Sydney Olympic Park and construction of a new bridge accommodating road traffic and light rail vehicles in an on-road, segregated running corridor to reduce impacts on Narawang Wetland.

The department has reviewed the Amendment Report and is satisfied it contains adequate information to proceed with assessment.

Accordingly, as delegate of the Planning Secretary I accept the amendment of the application.

If you have any questions, please contact Ingrid Berzins on 9373 2885 or via email at [ingrid.berzins@planning.nsw.gov.au](mailto:ingrid.berzins@planning.nsw.gov.au).
